

RICHARD STERLING
DOCTOR OF OPTOMETRY

Let's celebrate our Dads

This year give your Dad the gift of eye protection. We have a fun variety of sunglasses that cover all the bases. **Dragon H20** will float so they never need be lost in the surf again, **WileyX** provide the toughest protection for any sport your Dad may enjoy including models with climate control for those with a need for speed. Dads that enjoy outdoor sport will also be protected from glare by anti-reflective and polarized treatments. And of course we have some dress styles that will have him looking his best for those occasions you need him to impress.

To thank our Dads we will be running a **20% OFF** special on all our sunglasses for the month of June for all our Dads!

20% OFF!

Sunglasses for Dads in June

**Offer valid during June 2017*

*offer not valid with insurance or other discounts
