

Terry,

April is Occupational Awareness Month

Our lives can be so *super busy at times making us feel that our daily tasks are so difficult!*

Wouldn't it be nice if those tasks were made a little easier?

Workstyle/Lifestyle Lenses

On April 17th from 9am to 12 noon we will be featuring an expert from one of our top optical labs speaking to Lifestyle/Workstyle eyeglass lenses tailored to your specific needs. This will include a discussion on a more recent, but very common problem associated with the devices we use called Digital Eye Fatigue.

Please RSVP, and bring an example of what your current lenses are NOT solving for you.

We will be serving light refreshments in the morning.

For the month of April,
we will be offering **50% OFF** a complete 2nd pair of glasses*.

*not to be used with insurance or any other discount,
must be a complete pair of glasses including frame and lenses.

BALENCIAGA

Just joined our frame boards, come check them out!
